IT Usage Policy - FD Business Service Pvt. Ltd. – Call Centre Operations

Effective Date: 1st April', 2026
Approved By: Top Management
Applies To: All employees, trainees, and third-party associates

---

1. Purpose

This policy establishes the rules for using company-provided IT resources to ensure:

- Protection of customer, client, and company data
- Secure and efficient operation of systems
- Compliance with legal, contractual, and security requirements

---

2. Scope

This policy applies to:

- All company-owned devices (desktops, laptops, tablets, headsets, mobile devices)
- All software and applications (CRM, GDS, ticketing tools, email systems)
- Company network, VPN, and internet services
- Personal devices connected to the company network (where BYOD is approved)

---

3. Acceptable Use

Employees must:

1. Use company IT resources **only for work-related purposes**.
2. Access **only authorized systems and data** required for their job role.
3. Maintain **strong passwords** and update them as per IT Security guidelines.
4. Report **any suspected malware, phishing, or system compromise** immediately to IT.
5. Log out or lock systems when unattended.
6. Follow company's **Data Security & Confidentiality Agreement** at all times.

4. Prohibited Activities

The following are strictly prohibited:

4.1 System Misuse

- Installing unapproved software or applications
- Modifying or bypassing system configurations or security settings
- Using another employee's login credentials

4.2 Network Misuse

- Downloading or streaming non-work-related content
- Accessing restricted or illegal websites
- Using VPNs, proxies, or other tools to bypass security controls

4.3 Data Misuse

- Copying company/customer data to personal devices
- Emailing sensitive information to personal accounts
- Sharing screenshots of CRM/GDS without authorization

4.4 Communication Misuse

- Using company email for personal, political, or religious activities
- Sending offensive, harassing, or discriminatory messages
- Using work communication tools (chat, email, VoIP) for non-work purposes

4.5 Hardware Misuse

- Damaging, defacing, or tampering with company hardware
- Removing IT equipment from premises without written approval

---

5. Internet & Social Media

- Posting any internal information, photos of screens, or customer details on social media is prohibited.

- Employees must not make public statements on behalf of the company unless authorized.
- Personal browsing should be minimal and restricted to break times.

---

6. Monitoring & Privacy

- The company reserves the right to **monitor internet activity, email communication, system usage logs, and call recordings**.
- All IT resources are company property; employees should have **no expectation of personal privacy** when using them.

---

7. Remote Work & VPN

- Only company-approved devices and VPN connections may be used for remote work.
- All security protocols (firewalls, encryption, antivirus) must remain active during remote sessions.

---

8. Incident Reporting

Employees must immediately report:

- Lost or stolen devices
- Suspected malware or phishing attempts
- Unauthorized access to systems or data

---

9. Consequences of Misuse

Violations may result in:

- Verbal/written warning
- Suspension of IT access
- Salary deduction for damages
- Termination of employment

- Legal action under:
  - **IT Act, 2000** (India)
  - Applicable cybercrime laws for international data breaches

---

10. Acknowledgement

I, **[Employee Name]**, acknowledge that I have read, understood, and agree to comply with the IT Usage Policy of FD Business Service Pvt. Ltd. I understand that violations may result in disciplinary or legal action.
